

M.S.A.D No. 75 Internal Migration of students for 2008-2009 as of 6/3/2009

This school district supports choice. It allows students to attend the elementary school of choice within the district regardless of where the student lives, if there is room. Except for special education placements, the District does not provide transportation from one catchment area to another. People exercise choice for a number of reasons – convenience, day care, programs, socialization opportunities, academic and family needs. Woodside has the District self-contained special needs programs. The students in these District self-contained programs are included in the list below. Parents often want the siblings of their children who are in those programs to attend school with them

At Bowdoinham Community School, not from its catchment area - 4

Bowdoin 3

Topsham 1

At Bowdoin Central School not from its catchment area - 5

Bowdoinham 1

Topsham 4

At Harpswell Islands School not from its catchment area - 4

West Harpswell 2
